To: All Gibson Hardisty Terminal Shippers, Producers and Pipeline Customers

Re: Hardisty Area General Toll Changes

Effective January 1, 2011 the tolls at the Hardisty Terminal and on the Bellshill and Provost Pipelines will change. A general increase is required to offset the declining volumes that have been experienced throughout the system. The attached Toll Sheet Number 0223 reflects the new rates and replaces Toll Sheet Number 0222.

All current Toll sheets, Rules and Regulations, along with a variety of other information about Gibson can be found at our website, www.gibsons.com.

http://www.gibsons.com/Section/Customer/Customer_Tariffs.aspx

Should you have any questions regarding the above matter, please do not hesitate to contact Brent Campbell at 403-206-4083 or David Kulcsar at 403-206-4084.

Sincerely,
Gibson Energy ULC

Frank Janzen
Vice President Terminals & Pipelines

¶ - A minimum annual revenue per battery is required to provide pipeline service. Any revenue shortfall shall be billed at the end of each calendar year. Effective January 1, 2011, the minimum annual revenue per battery will be \$93,000.

Batteries requiring additional services shall be contacted and a letter agreement put in place to cover the extra costs. Services such as receipts from other facilities, Custom Trim Blending or Storage can be negotiated on a term basis.
