

**PRESS RELEASE - GIBSON ENERGY ULC
BRIDGE CREEK TRUCKING LTD. ACQUISITION**

May 1st, 2009

Mr. A. S. (Stew) Hanlon, President and C.E.O. of Gibson Energy ULC, is pleased to announce that, effective May 1st, 2009, Gibson's Truck Transportation Business Unit has **acquired Bridge Creek Trucking Ltd.** Bridge Creek, located in Gull Lake, Saskatchewan, primarily transports crude oil and produced water. The company also has two open custom terminals, connected to the South Saskatchewan pipeline system.

The assets of Bridge Creek include 13 company tractors, 8 tank trucks, and 19 trailer units and pups for the tank trucks. Gibson is pleased to welcome 35 employees from Bridge Creek which include drivers, mechanics, and office staff.

Gibson considers the acquisition strategic, given that southern Saskatchewan has been one of the hottest growth markets over the last couple of years.

Gibson's management and employees welcome the Bridge Creek group to the Team and look forward to growing the business together.

Gibson Energy is a progressive Alberta-based company providing integrated oil and gas transportation, terminal and marketing services.
